Change lives. Including yours.

Volunteer with our incredABLE community

incredABLE is a local charity dedicated to supporting young people and adults with intellectual/learning disabilities and or autism to live fulfilling, inspired lives.

We provide a wide range of programmes and services, from youth clubs and day opportunities, to group outings and holidays, as well as specialist one-to-one support.

Who we are ...

OUR STORY

More than 25 years ago a group of parents, volunteers and professionals identified a need for young people with learning/intellectual disabilities and/or autism to have more opportunities to socialise with their peers within their local community.

OUR VISION

... is a society where individuals with a learning/intellectual disability and/or autism are inspired, empowered and included.

OUR MISSION

...is to create incredible opportunities for incredABLE people! By delivering meaningful projects and quality services in partnership with these incredABLE individuals.

Nigel Hampton
CEO of incredABLE

"Our dedicated volunteers team are a central part of our work here at incredABLE. Without them, our community would not be the same. We are grateful for every single one of these amazing people."

ROBIN

volunteer minibus driver

'When I pull up in the minibus and see the smiles on the faces of participants and they say "I'm glad you're driving" or "I haven't seen you in a while!" it makes me realise how worthwhile my role is and how much it means to the young people to get out and about doing things they enjoy.'
